[1]Payments are based upon the maximum allowable charge for covered services. Maximum allowable charge means the lesser of: the usual, customary, and reasonable charges; the negotiated rate; or the actual billed charges. The maximum allowable charge may be less than the amount actually billed by the provider. Covered persons may be responsible for payment of any amounts in excess of the maximum allowable charge for a covered service.

[2]This plan has an embedded deductible and out-of-pocket maximum. Each family member will begin paying copays or coinsurance after meeting his or her individual deductible or out-of-pocket maximum (depending on the benefit), or when the family deductible or out-of-pocket maximum is satisfied. Individual family members aren't subject to cost sharing when they reach their individual out-of-pocket maximum, or when the family out-of-pocket maximum is met.

[3]Covered charges incurred toward satisfaction of the out-of-pocket maximum at the non-participating provider tier won't accumulate toward satisfaction of the out-of-pocket maximum on the participating provider tier. Likewise, covered charges incurred toward satisfaction of the out-of-pocket maximum on the participating provider tier won't accumulate toward satisfaction of the out-of-pocket maximum on the non-participating provider tier. For a complete understanding of the out-of-pocket maximum, please refer to your *Certificate of Insurance*.

[4]Preventive lab tests, X-rays, and immunizations are covered as part of the preventive exam.

[5]Scheduled prenatal visits and the first postpartum visit.

[6]Routine prenatal care office visits are covered as required under the Affordable Care Act (ACA). This includes the initial and subsequent histories, physical examinations, recording of weight, blood pressures, fetal heart tones, and routine chemical urinalysis.

[7]Delivery and inpatient care for mother and baby are covered under your inpatient services benefit. For a complete understanding of birth services, please see your KPIC *Certificate of Insurance*.

[8]Benefits payable for treatment of infertility are limited to $1,000 per year for services provided by participating providers. Infertility includes GIFT. In vitro fertilization isn't covered. Benefits payable for diagnosis of infertility will be covered on the same basis as any other illness.

[9]Insured is responsible for paying the brand-name copay plus the difference in cost between the generic drug and the brand-name drug when the insured requests a brand-name drug and a generic version is available.

[10]Your plan has an open drug formulary; however, select prescription drugs may be excluded from coverage. Please refer to your KPIC *Certificate of Insurance* for a complete list of limitations and exclusions. Regardless of your provider, prescriptions must be filled at a MedImpact pharmacy. Please call MedImpact at **800-788-2949** for a participating pharmacy.

[11]Both base and supplemental DME are covered. Supplemental DME is limited to a combined maximum benefit of $2,000 per year for services from the participating providers and non-participating providers, excluding diabetic testing supplies and equipment.

[12]Diabetic equipment and supplies are limited to infusion set and syringe with needle for external insulin pumps, testing strips, lancets, skin barrier, adhesive remover wipes, and transparent film. Coinsurance amounts are based on actual billed charges and aren't subject to the DME maximum limit of $2,000 per year.

[13]Under age 19. 1 pair of eyeglasses from a limited selection.

[14]Limit doesn't apply to physical, occupational, and speech therapist visits in the home.
